QUESTION NO: 1

Can this management tool integrate with the HPE OneView for VMware vCenter software?

Possible Answer = VMware vRealize Operations Manager

A. Yes

B. No

ANSWER: A

QUESTION NO: 2

An HPE customer is deploying a Hyper-V virtualization environment on the Synergy platform using HPE 3PAR StoreServ storage and HPE networking hardware. It is recommended that they use HPE OneView for Microsoft System Center to simplify management of the system.

Is this a capability of this software?

Possible Answer = integrates into System Center

A. Yes

B. No

ANSWER: A

QUESTION NO: 3

A customer has an HPE-based virtualization environment. The system supports production workloads as well as DevOps.

Is this a benefit of using Docker Enterprise Edition to support DevOps?

Possible Answer = Docker provides high availability.

A. Yes

B. No

ANSWER: B

QUESTION NO: 4

Does this HPE product include unified management and a single shared pool of storage, storage networking, and compute in a self-contained product?

Possible Answer = HPE SimpliVity

A. Yes

B. No

ANSWER: A

QUESTION NO: 5

Is this a functionality of the HPE Hyper-Converged 250 for Microsoft Cloud Platform System Standard?

Possible Answer = It provides load balancing in a cluster.

A. Yes

B. No

ANSWER: B

QUESTION NO: 6

Is this a functionality of the HPE Hyper-Converged 250 for Microsoft Cloud Platform System Standard?

Possible Answer = It provides load balancing in a cluster.

A. Yes

B. No

ANSWER: A

QUESTION NO: 7

Does HPE OneView for Microsoft System Center integrate manageability features with this HPE server family?

Possible Answer = HPE ProLiant rack servers

A. Yes

B. No

ANSWER: B

QUESTION NO: 8

A customer has an existing VMware deployment powered by HPE ProLiant Gen10 servers. The environment is experiencing exponential growth and the customer is seeking to quickly and easily design and deploy scaleable workflows to automate complex IT processes.

Is this a process automation platform that deploys Gen10 servers and VMware?

Possible Answer = HPE OneView

- A. Yes
- B. No

ANSWER: A**QUESTION NO: 9**

A customer would like to build a hybrid cloud environment to support the video streaming service for their training products. They need to be able to quickly deploy new services in a private cloud with very short notice. The recommendation utilizes VMware vRealize Suite on HPE ProLiant DL380 servers. It will implement a two-tier cloud service with different storage level selections and cloud cost.

Does this component provide software-defined storage for the solution?

Possible Answer = VMware vSAN

- A. Yes
- B. No

ANSWER: A**QUESTION NO: 10**

Is this an advantage or benefit of customizing HPE factory integration services when ordering HPE Hyper Converged 380?

Possible Answer = ready for virtualized workloads

- A. Yes
- B. No

ANSWER: A
