QUESTION NO: 1

You check the contents of a package in the archive and notice that it only contains a single file with a .cfx extension. What can you conclude from this?

- A. It was incorrectly archived.
- B. It will automatically download binary files when deployed.
- C. It is a Configuration Only package.
- D. It is a SuperPackage.

ANSWER: C**QUESTION NO: 2**

The CA UIM infrastructure is organized into a hierarchy. From the top, what is the second highest level in the hierarchy?

- A. Robot
- B. Hub
- C. Domain
- D. Probe

ANSWER: A**Explanation:**

Reference: <https://docops.ca.com/ca-unified-infrastructure-management/8-2/en/getting-started/ca-uimarchitecture-overview>

QUESTION NO: 3

In your CA UIM infrastructure, the primary and remote hubs are connected through a firewall. To deploy robots automatically from the remote hub for deployment inside the firewall, which steps do you need to perform? (Choose three.)

- A. Deploy the automated_deployment_engine (ade) probe to the remote hub, where ports are not blocked.
- B. Instead of logging in to Infrastructure Manager from the primary hub, log in directly from the remote hub.
- C. Drag the robot packages for deployment to the archive on the remote hub.

- D. Deploy the ade and discovery_agent probes on a cloud-installed robot.
- E. Create a package with the silent installer in it.

ANSWER: A B E

QUESTION NO: 4

Which CA UIM components need access to the database on the database port?

- A. All hubs and the UMP
- B. All hubs and CA Business Intelligence (CABI)
- C. The primary and secondary hubs only
- D. The primary hub, the UMP, and CABI

ANSWER: D

QUESTION NO: 5

You just installed the UMP, opened it for the first time, and now need to define Service Level Agreements (SLAs). What should you do? (Choose two.)

- A. Purchase a license because this is an optional component.
- B. Add the SLA reports portlet, log out, and log in again.
- C. Add a page and add the SLM portlet to this page.
- D. Log in as an administrator or any user with SLM Admin permission.

ANSWER: B C
