QUESTION NO: 7

What are the three groups of Lightning Components you can add, when working with the Lightning App Builder? (Choose three.)

- A. Custom-Managed
- B. Standard
- C. Custom
- D. Standard-Managed

ANSWER: A B C**Explanation:**

Standard components - are Lightning components built by Salesforce.

Custom components - are Lightning components that you or someone else have created. With some modifications, custom Lightning components can work in the Lightning App Builder. For more information on making Lightning Components App Builder-friendly, see the Lightning Components Developer Guide.

Third-Party Components on AppExchange - The AppExchange provides a marketplace for Lightning components. You can find packages containing components already configured and ready to use in the Lightning App Builder.
