QUESTION NO: 1

Which three statements are true in relation to Financial Transaction creation algorithms? (Choose three.)

- A. They control how the payoff balance is affected.
- B. They control if and how the General Ledger entries are created.
- C. They control how the current balance is affected
- D. They control how the General Ledger details are created as these must always exist against a Financial Transaction.
- E. They control when a Financial Transaction is to be swept onto a bill.

ANSWER: A B E

QUESTION NO: 2

Which three statements are true in relation to a Payment Arrangement Request? (Choose three.)

- A. determines if the Payment Arrangement Request requires approval
- B. creates the Payment Arrangement Service Agreement
- C. examines the Account's eligibility for Payment Arrangement
- D. calculates delinquent amount for Service Agreements eligible for Payment Arrangement
- E. ensures creation of either Pay Plan or Payment Arrangement

ANSWER: A B C

QUESTION NO: 3

How should you configure the derived values that are relevant for a device?

- A. Configure the derived values on the Final Measurement type for the measuring components to be defined on the device.
- B. Configure the derived values on the Measuring Component for the measuring components to be defined on the device.
- C. Configure the derived values on the Measuring Component Type for the measuring components to be defined on the device.
- D. Configure the derived values on the Device Type for the derived values to be defined on the device.

ANSWER: A

QUESTION NO: 4

When a service agreement is created, it is based on a template called the Service Agreement Type (SA Type) and values may be defaulted from s Start Option.

Which three attributes can get defaulted from a Start Option? (Choose three.)

- A. Contract Quantities
- B. CIS Division
- C. Rate
- D. Terms and Conditions
- E. Service to be billed

ANSWER: A D E

QUESTION NO: 5

Which three initial measurement data (IMD) exception categories are available when you execute VEE rules? (Choose three.)

- A. Information
- B. Low
- C. Complete
- D. Terminate
- E. Issue

ANSWER: A D E

QUESTION NO: 6

Which three statements are true about initial measurements, final measurements, and usage? (Choose three.)

- A. The initial measurement data can be optionally stored in RAW format.
- B. Final measurements can be directly edited or updated by users or by automated processes as required.
- C. A service point can have more than one initial measurement for the same period, but only one final measurement.

- D. Usage is a synonym for bill determinants.
- E. Usage is loaded in the application to generate final measurements.

ANSWER: B C E

QUESTION NO: 7

When you cancel a payment, what will the system automatically do?

- A. generate a new Financial Transaction to reverse the original Financial Transaction
- B. charge a NSF fee for the payment cancellation
- C. impact the credit rating
- D. cancel all tenders associated with the payment

ANSWER: B

QUESTION NO: 8

Critical validation rules verify the integrity of the initial measurement data (IMD). If an implementation needs to add new critical validations, where would you configure them?

- A. in the pre-processing algorithm of the IMD Seeder BO (D1-IMDSeeder)
- B. as new lifecycle algorithms on the IMD Seeder BO (D1-IMDSeeder)
- C. in the validation algorithm on the IMD Seeder BO (D1-IMDSeeder)
- D. in the schema of the IMD Seeder BO (D1-IMDSeeder)
- E. as options on the IMD Seeder BO (D1-IMDSeeder)

ANSWER: A

QUESTION NO: 9

How do you ensure that specific Validation, Editing and Estimation (VEE) rules are applied to estimated measurements?

- A. by adding the VEE Group as the Fallback VEE Group for the appropriate VEE role
- B. by adding the VEE Group to the Device Type
- C. by adding the VEE Group to the Device Configuration Type

D. by adding the estimation rules to the Manual Override VEE Group to the Measuring Component Type

ANSWER: D

QUESTION NO: 10

How many service points can be associated with a usage subscription?

- A. one for each service type
- B. unlimited
- C. a maximum of three
- D. only one

ANSWER: B
